SC101

Smart Chromebook Charging Car

USB-PD charging car Features:

Silent operation: 4 quiet casters + quiet fan.

Safe & organized: Flame-retardant partitions with cable channels.

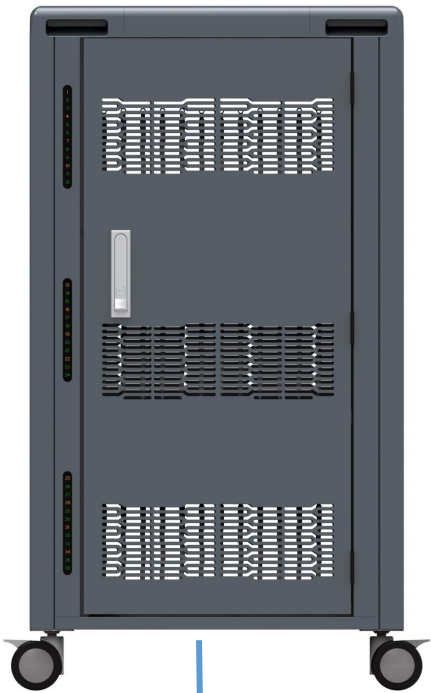

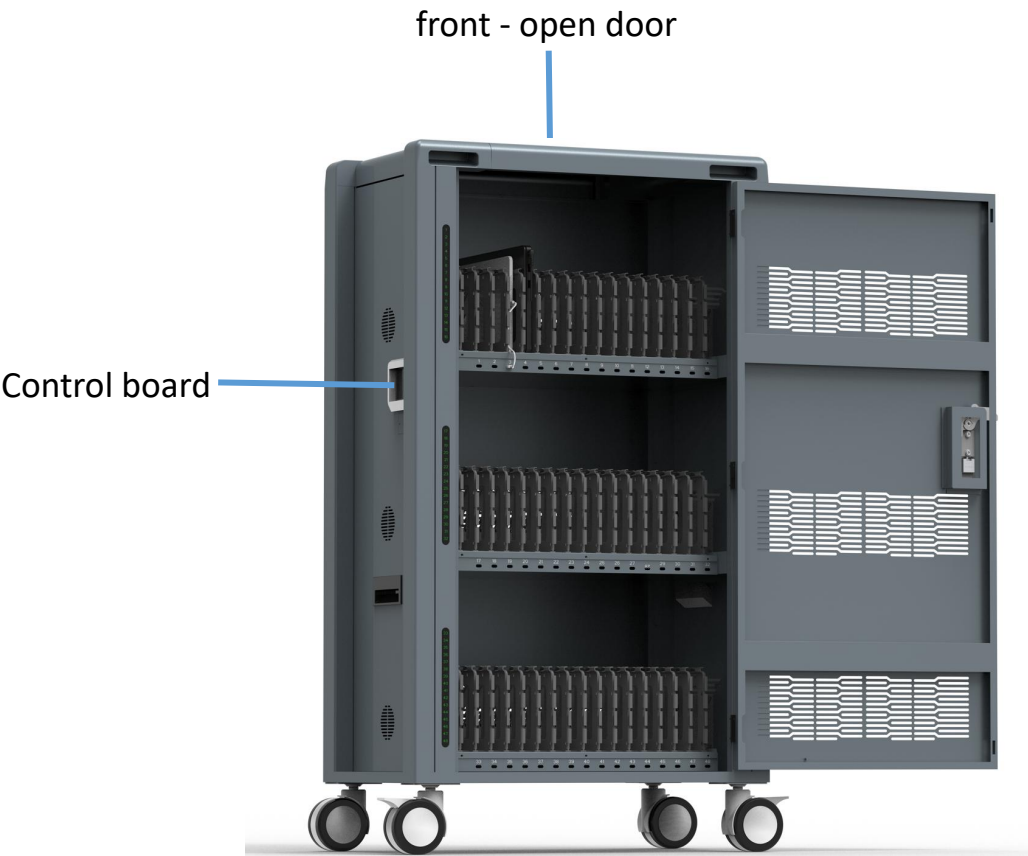

Anti-collision design: Without right-angled edges and sharp corners, for user safety.

Stable mobility: Extended wheels (40-60mm) prevent tipping.

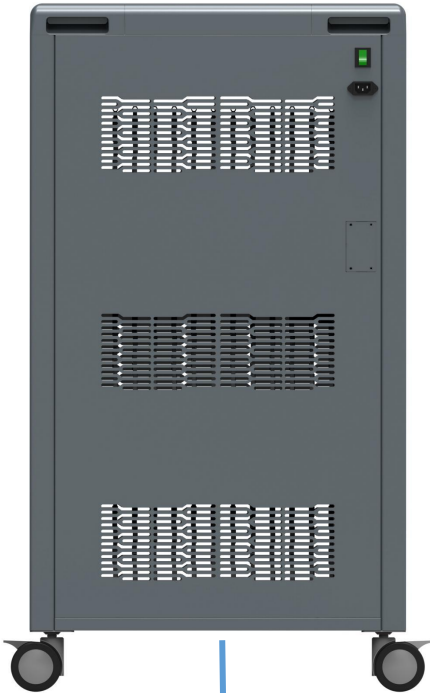

Real-time monitoring: LED indicators (red/green) per shelf.

Control panel: supports cycle charging, full charging, and timed charging

Maximize efficiency with our ultra-quiet, space-saving car.—charge 40+ Chromebooks smoothly.
